

Changes to Parking – Effective September 1, 2021

Glendon Athletic Club

As previously announced, the University resumed paid parking effective September 1, 2021, and you will require a parking permit or need to pay for daily parking when on campus. Parking Services has moved to a virtual parking model and all permits must be purchased online. Parking Hang Tags and Access Cards are no longer required. This brings a new online procedure for buying your GAC parking permit. GAC permits will now be offered by the semester (4-month blocks) to be consistent with all other permits issued by Parking Services.

Daily Parking can now be paid through our HONK Mobile payment App. HONK Mobile offers a contactless payment system from the convenience of your vehicle. You can download the App or you can use the HONK Tap signs, located in the lot. Daily parking is offered in the Upper and Lower lots on a first come – first served basis. In addition to HONK, you can also use the Pay machines that have always been on campus.

A York Notice or City of Toronto Parking violation will be issued to those found in non-compliance.

If you are an existing parking customer, you will require an email address to purchase your virtual parking permit online. If your email address is not associated with your existing parking account, please contact the Glendon Parking Office at glendonparking@yorku.ca and provide your email address.

How to Purchase your GAC Permit Online – Existing Customer
