Notes:				

If you have had a degree requirement waived or received approval for a course substitution, please ensure that appropriate documentation is on file in the program office. If documentation is not on file, it is the students' responsibility to make a case to the Program Director that the courses taken do, indeed, fulfill all the requirements for the degree.

Students will not be eligible to graduate until all degree requirements have been met and this degree audit is signed by either the Program Director or Program Administrator.
