

Visual Arts

PhD

The PhD in Visual Arts is a four year full-time program of study in which individually defined conceptual foci are materialized and disseminated through an integration of art works, research and writing. This advanced practice-based degree will prepare mature artist-researchers with the highest qualifications to teach studio and theory courses, supervise graduate students within a university context, and have significant professional careers as artists.

Details of Degree

- 4 years

Program Highlights

- Students can work in one or more of the following media: video, performance, painting, drawing, printmaking, sculpture and digital media.
- We offer graduates a private studio, and 24-7 access to studio facilities including state-of-the-art photography, print media, and sculpture production areas.
