

Concentration in Applied Methods and Analysis

The goal of this Concentration is to provide students with additional training in applied methods and analysis. Students will gain knowledge in study design, manuscript preparation, basic and advanced statistical methods, basic and advanced research methods, data analysis, the application of statistical methods to real-world problems, modern issues in research methods, statistics and data analysis, and communicating the results of analyses to a variety of audiences. At program completion, students will have developed enhanced reasoning and literacy in research and statistical methods for application in multiple settings.

Name: _____ Student Number: _____

Students will be required to complete a minimum of 18.0 credits from the courses listed below. The minimum average GPA across all courses counting towards the Concentration is a C+.

Concentration Requirements	Completed (Y/N)	Grade
2000-Level Courses		
HH/PSYC 2020 6.0 - Statistical Methods I and II (or equivalent)		
HH/PSYC 2030 3.0 - Introduction to Research Methods		
3000-Level Courses		
HH/PSYC 3010 3.0 - Intermediate Research Methods		
HH/PSYC 3031 3.0 - Intermediate Statistics 1		
HH/PSYC 3032 3.0 - Intermediate Statistics II		
HH/PSYC 3090 3.0 - Psychological Testing and Measurement		
HH/PSYC 3015 3.0 - Introduction to Program Evaluation		
4000-Level Courses		
HH/PSYC 4330 3.0 - Seminar in Statistics		
Total number of credits completed:	0.00
