Important background information:

- Counts for an institution with an "A" do not include data for affiliated institutions indented in row/s below this row.
- Confirmations are for full-time, first-year, fall-entry, undergraduate university study.
- The confirmation figures represent the number of confirmed acceptances for undergraduate study. Applicants can accept only 1 offer of admission.
- The "Ontario Secondary School Students" category refers to secondary school students who were registered in secondary schools offering the Ontario curriculum when they submitted their application
- The "All Other Applicants" category refers to all domestic and international students other than those included in the "Ontario Secondary School Students" category. These include out-of-province or country secondary school students, mature students, transfer students, etc.
- New undergraduate data for the current admission cycle will be posted 4 times per cycle (in January, April, June and September).
- There are many reasons for fluctuations in confirmation volumes so these data should be interpreted with caution. For further information, refer to individual university websites or contact their admission or public relations offices. Do not refer to individual institutional figures without including the institutional commentary, as applicable.
