Migration and resilience in urban Canada-Immigration et résilience en milieu urbain

Hi Everyone,

As summer begins, partnership members are also very busy presenting their research at many different venues including CARFMS, the Canadian Association for Refugee and Force Migration Studies, ACFAS, Association francophone pour le savoir and the International Metropolis meetings in Ottawa between June 24 and 28, 2019. Check [the conference website](#) for information about our colleagues' sessions. Also, please look below for information about the partnership's exciting KM activities.

I am very happy to welcome **Annick Germain**, an urban sociologist at INRS-UCS who is well known for her ground-breaking research about social mix, urban planning and diversity and immigrant integration in contemporary cities, especially in Quebec. And now to the bittersweet news! I am thrilled to announce that **Carla Angulo-Pasel** will begin a tenure stream appointment as an Assistant Professor at the University of Texas, Rio Grande in the fall. Even in the short time that she has been involved in the partnership, her contributions have been critical. We owe much of the success of the April partnership meeting to Carla's hard work. It is even harder to tell you that **Adnan Turegun** is resigning as Director of CERIS and leaving the partnership in August. It is impossible to overstate his contributions to BMRC-IRMU, an initiative that he began. Adnan will be greatly missed. On behalf of everyone, I want to thank him for his support and involvement. I know everyone joins me in wishing Carla and Adnan all the very best in their future endeavors.

Cheers

Valerie

Steering Committee News

At its last meeting, the Steering Committee agreed on the terms for the April call for templates. Changes include a provision for additional graduate student support, agreement that the April call for templates includes small projects requesting no more than \$25,000 and large projects that meet specific criteria, and a decision that the last call for templates will take place in the fall and include only small projects. See the information [here](#). Minor clarifications and revisions to the Travel Policy were also approved and the revised policy is available in the dropbox [here](#). Finally, the committee heard news about the partnership's participation in the International Metropolis Meeting. The next steering committee meeting will take place on Wednesday, June 12, from 3:30-4:30pm.

York faculty, students contribute to new volume on international students in Canada

The authors investigate the connections between students and institutions. Like other migrant groups, student mobility is a form of social mobility, and one that requires access from a host state. But there are multiple institutions with which students interact and that influence the processes of social mobility. The collection features work by key scholars in the field that explores how international students and their families fare in local ethnic communities, educational and professional institutions, and the labour market.
