

Senators: Based on a canvas of Senate committees, Senate Executive has determined there will not be sufficient business ready to proceed to Senate in December, and therefore the meeting scheduled for 14 December 2023 will **not** be held. Senate will next convene on Thursday, 25 January 2024.

On behalf of the Executive Committee, thank you for your participation in Senate this term. Happy and safe holidays are wished for everyone. We look forward to the collegium gathering again in the new year.
